## ASTIGMATISM.

What It Is, and How Cor-  
rected.

Astigmatism or Irregular Vision is  
one of the most common of all the re-  
fractive errors. It is due to the irregu-  
lar curvature of the film known as the  
Cornea. Of course no instrument is  
sufficient to correct it, but in the hands  
of a thoroughly efficient and competent  
Eye specialist the ophthalmometer re-  
veals the exact condition of the eye in  
a way that nothing else can. If your  
eyes need attention have DR. J. T.  
JOHNSON put them under this won-  
derful instrument. Office hours 8:30  
to 12:30; 2 to 6. 3024 S. Elm St.

## CHICKENS, NOT BIDDIES.

What Rev. Livingstone Johnson is  
Living On.

Rev. L. Johnson, the good pastor of  
the Washington Street Baptist church,  
of this city, is rusticated in Rich-  
mond county. He writes a letter to  
the N. C. Baptist, as follows:

This scribe is in the mood to write  
on the above subject, for while absent  
a few weeks ago, his church in con-  
ference assembly, ordered him away for  
a month.

With a grateful heart to the brethren  
for their consideration, he left the  
bustle of the busy city and sought the  
quiet of the old country homestead on  
the banks of the beautiful Lumber  
River. How delightful the rest, and  
how the heart of the writer is carried  
back to the halcyon days of childhood.  
With the companions of his boyhood  
days, he goes daily to the dear old  
river for a bath. Wending his way  
back, it is so delightful to spend the  
heat of the day under the giant oaks  
in the yard of the farm house. The  
dinner bell finds us "ready for busi-  
ness."

We city folks think we are extrava-  
gant if we indulge in more than one  
kind of vegetable at once; but here  
are half a dozen varieties of vegeta-  
bles, fresh from the garden, and  
cooked with a large piece of "home  
made" meat. The spring chickens  
"get up" much sooner here than in  
the city. We eat CHICKENS here, not  
"biddies." After a refreshing "after-  
dinner nap" in the cool "east room"  
up stairs, comes the "festive water-  
million," about which Dr. Sanderlin  
used to talk. It is not dished out to  
you in slices as thin as a knife blade,  
but half of a lucious melon is handed  
you, and there is no impropriety in  
you eating it all. The typical place  
for a pastor's vacation is the quiet  
country home.

By the way, why is it that there is  
such a hue and cry from some quar-  
ters against the preacher's vacation?  
There is the highest authority for it.  
When the disciples returned from a  
missionary tour, exulting over their  
success, Christ said, "Come ye your-  
selves apart and rest awhile." The  
pastor, if he is faithful, is under a  
constant tension. Preparing two ser-  
mons a week and getting up a prayer-  
meeting talk, doing the pastoral work,  
visiting the sick, and the constant care  
of the church, tax the mind and heart  
of the pastor. While there is no other  
work comparable to it for the pleas-  
ure it brings, yet occasionally the  
tension should be let up, and, as one  
of my deacons well puts it, the "bow  
should be allowed to unbend."

There is no more pleasant field than  
that occupied by this scribe, and he  
enjoys his work immensely. While  
the rest has been delightful, his heart  
begins now to turn to the "Gate City"  
and to the work in which he is so  
much interested. He hopes to com-  
pensate the church by rendering them  
a better service.

## KILLED BY HIS BROTHER.

Ace Flynn, a Rockingham County  
Farmer, Shoots His Brother.

A telephone message from Reids-  
ville this morning said that at Pleas-  
antville, Rockingham county, late  
yesterday evening Ace Flynn shot and  
mortally wounded his brother, Joe  
Billy Flynn.

The latter died from his wounds  
this morning.

It is claimed that the shooting was  
accidental, though up to the time the  
information was received a coroner's  
inquest had not been held.

Ace Flynn is a farmer near Pleas-  
antville and also conducts a small  
merchandise business. His brother  
was also a farmer.

## Mr. B. Own III.

The following letter from Mr. C. R.  
Brown will explain why his many  
friends were disappointed in not seeing  
him last evening in the role of the  
"Pied Piper of Hamelin":

Greensboro, August 4.

Mr. J. W. Tillghast and Members of  
the Orchestra.

Gentlemen:—It is with the sincerest  
regret that I am obliged to give up  
my part in the operetta tonight. In  
the many duties of the past two or  
three weeks I have overestimated my  
strength, and was obliged to go to bed  
immediately after the starting of the  
parade on Wednesday. My physician,  
Dr. Battle, tells me that it would be  
the greatest risk to attempt to sing to-  
night. Very sincerely yours,  
Clarence Richard Brown.

## Pied Piper.

The Pied Piper of Hamelin was pre-  
sented for the second time in Green-  
sboro last night to a full house at the  
Academy of Music. Owing to the ill-  
ness of Prof. Clarence R. Brown, who  
played the part of the Pied Piper when  
the play was first presented here, Mr.  
J. M. Wilson, of Winston, was sub-  
stituted, but otherwise the cast was  
the same as before. Mr. Wilson had  
played the part in Winston and last  
night acted it well. The other mem-  
bers of the cast were thought to be  
even more proficient than before and  
the play was exceedingly well re-  
ceived.

## DOINGS ON THE AVENUE.

Closing Races of the N. C. Fire-  
men's Tournament.

SOME LIVELY KICKING DONE.

But the Southside Boys Win the  
Belt and the State Championship.

The Foot Race This Evening.

The firemen's tournament closes to-  
day. It has been one of the most ex-  
citing ever held, some of the Golds-  
boro and Newbern boys losing their  
tempers and acting ugly, saying some  
very hard things about the Greensboro  
firemen and the water supply. We  
suppose, however, that the sting of  
defeat was very keen and in such a  
burning sun, the boys were liable to  
say things which they will afterwards  
regret.

CHAMPIONSHIP REEL RACES.

Following the Junior reel races yes-  
terday afternoon, came the champion-  
ship reel race, which was won by the  
Southside Hose Co., of this city, and  
they are now the proud possessors of  
the belt. Following is the order of  
the races, and the time made.

Fayetteville, time 54.  
Goldsboro, time 51, ruled out.  
Greensboro, Southside, time 49.  
Salisbury, time 52, ruled out.  
Newbern, time 50, ruled out.  
Salem, time 51.

Greensboro Eagles withdrew from  
the race in favor of the Southsiders.

HORSE HOSE WAGON RACES

Owing to the lateness of the hour at  
which the championship races were  
pulled off last evening, which resulted  
in a glorious victory for the Green-  
sboro Southsiders, the horse hose wa-  
gon races were postponed until this  
morning.

The judges selected were Messrs. C.  
P. Vanstory, W. A. Eyer, Carl S.  
Wheeler, W. C. Badger, J. W. Gul-  
lick, Rufus Hughes. Timers: Dr. J.  
W. Petty and John J. Phoenix.

The following entries were made:  
Goldsboro Ellipse.

Newbern

Greensboro steamer company.

Goldsboro No. 1.

Greensboro Southside.

Winston No. 1.

Goldsboro Ellipse led off, the horse

taking a complete turn before starting

on the run, but showed water in 59

seconds.

Newbern came next, and the old

claybank came down the stretch at

a pretty clip; the coupling was made

without a bungle and water showed in

43 4-5.

Greensboro steamer company was

next on course, and the old black

came down in splendid shape, making

it in 46 4-5.

Goldsboro No. 1 came fourth, and

made it in 44 4-5.

Greensboro, Southside, was number

five, the trim little bay doing good

work; a little time was lost in con-  
necting, but the timers reported 51 1-5.

The fifth and last hose wagon race

was Winston No. 1, and scored in 46

seconds.

Newbern gets first prize and Golds-  
boro second.

An exhibition race by Goldsboro  
Ellipse was permitted by President

McNeill.

STANDING STEAM.

Newbern, time 2:48.

Winston, time 2:49.

This afternoon the individual foot

rices will close the track amusements.

NOTES.

The protests entered yesterday in

the Goldsboro and Newbern cases

were sustained, thus giving the South-  
side hose company the first prize in the

150-yard reel race. The champi-  
onship race was 300 yards. The South-  
siders also won second prize in the

grab race, Charlotte winning first.

The prize for the horse hose wa-  
gon race, which goes to Newbern, was

given by the Southern Stock Mutual  
and Underwriters insurance companies of

this city.

The record for standing steam was

lowered today by Newbern, the time

being 2:28—six seconds lower than

last year.

Pres. McNeill went home on the

noon train, leaving First Vice-Pres-  
ident Riggins to close the races. Capt.

Riggins started off like an old hand,  
but says he wouldn't be president for

the world, or words to that effect.

TENNIS TOURNAMENT.

The tennis tournament continues in-  
teresting and full of excitement. The

boys played a beautiful game yes-  
terday. Robert Ballard and Louis Fry,

Jr., won from Sam Bradshaw and

Martin Douglas. Score—2-6, 6-4, 6-3.

As indicated by the above score the

game was very close. The playing on

both sides was excellent. The second

game for state championship was also

won, Mr. J. R. Donnell and Rev. J. D.

Miller vs. S. A. Douglas and H. C.

Berger, won by the former. Score—  
6-2, 6-4. The finals come off this

afternoon at Blandwood, between

Donnell and Miller vs. Smith and

Wharton.

## AT THE ACADEMY.

Thrilling Drama, "The Midnight  
Fire," to be presented tonight.

Tonight at the Academy of Music,  
the Winston Dramatic Company will  
present Bertram and Willard's real-  
istic American comedy drama, "The  
Midnight Fire." Not only does the  
Winston Company give a fine perfor-  
mance of the play, but the play itself  
is one equally as good as Captain  
Dick. The people of Greensboro, to-  
gether with the visitors, have favored  
all the entertainments of Gala Week  
with magnificent, large audiences; now  
it is hoped that tonight they will do  
the same thing for our neighbors, who  
present the only entertainment of the  
week by outside talent. Beside the  
cast which includes the names of  
Winston's best young people, you will  
see and hear "The Funny Rube Road  
Whangdoodles," Miss Medora Smith,  
solo contralto singer, of Holy Trinity  
Church, Philadelphia, the wealthiest  
and most aristocratic Episcopal church  
of that city. The Winston Hook and  
Ladder Company No. 1 will be seen in  
the great fire scene. Misses Lizzie  
and Grace Crocker, and Miss Blanch  
Gunn will furnish the music. Master  
Willie Crocker, a very small boy, will  
be heard in some very large "coon"  
songs. Altogether this entertainment  
will be a fitting close to the Academy  
Gala Week program.

## A BOLD CLOTHING THIEF.

But When Shot at He Resorts to  
His Heels and Loses the Prize.

Some time yesterday morning a  
young negro slipped into the back  
door of the clothing store of Rankin,  
Chisholm, Stroud & Rees and, while  
all the clerks were busy, stole eleven  
blue serge coats.

He hid them back of a store further  
down the street, and, thinking perhaps  
they were not safe moved them again,  
this time into an old barn in the rear  
of the Merchants Grocery Co.'s store.

Intending to call for them at a more  
convenient season, he departed.

He was seen by one of the Merchants  
Grocery Company's employees, who re-  
ported it to Rankin, Chisholm, Stroud  
& Rees. The latter gentlemen had the  
barn watched to catch the thief,

but he went into the barn on the op-  
posite side from the keen-eyed watch-  
man, who first saw him when he was  
making way with the goods. The

watchman pulled a pistol and opened  
fire and the negro took to his heels,  
dropping nine of the coats. The other  
two were found this morning, hidden  
in a box near the barn, but nothing  
more has been seen of the thief.

## FIREMEN RETURN THANKS

For Their Entertainment in Green-  
sboro to the Railroads, Etc.

At a meeting of the North Carolina  
State Firemen's Association held in  
Greensboro August 1, 1899, the follow-  
ing resolutions were unanimously  
adopted: The firemen of North Caro-  
lina in meeting assembled resolved,  
First, That the people of Green-  
sboro have opened their homes and  
their hearts to us and entertained us  
in the most hospitable manner and  
their courtesy and kindness is deeply  
appreciated by this association.

Resolved second, That the thanks  
of this association be extended to the  
various railroads of this state that  
have shown us the courtesy of trans-  
porting our apparatus free and given  
us a very reasonable rate.

Resolved third, That a copy of  
these resolutions be sent to the daily  
papers of Greensboro and the leading  
dailies of the state with request to  
copy.

F. M. Miller,  
James McNeill,  
J. C. Daniels.

## A Pretty Wedding.

Last Tuesday evening at 9 o'clock,  
Mr. Rufus Causey and Miss Maggie  
Buchanan were married at the resi-  
dence of Dr. Ebert W. Smith. A  
number of friends were present to wit-  
ness the ceremony. The young couple  
begin their wedded life with the best  
wishes of all who know them.

## Notice!

A meeting of all the committees con-  
nected with the gala week, and all  
others interested, will be held in the  
court house on next Monday night at  
8 o'clock, to wind up the affairs of  
gala week, discuss the future and  
transact other business that may come  
before the house.

J. Van Lindley,  
President.

## Blindfolded, Bound, Gagged, Robbed.

By Wire to THE TELEGRAM.

Wellsburg, W. Va., August 4—Four  
masked burglars blindfolded, bound,  
and gagged the family of Dr. Parkin-  
son in a lonely farm house last night  
and secured ten thousand five hundred  
dollars in government bonds, money  
and jewelry.

## At the Academy.

Wigwag—"What kind of stuff is  
that girl pounding out on the piano?"  
Watson—"Chopin, I think."  
Wigwag—"Ah! I probably that's the  
reason it sounds as if she were hitting  
the keys with an ax."

## GEORGIA MOB'S COOL IRONY

"No Cards; No Invitations; No  
Excursion Parties."

FEVER SITUATION AT HAMPTON

Well in Hand—No Deaths or New  
Cases on the Peninsula—The  
Troops Fixing to Leave.

By Wire to THE TELEGRAM.

Blakely, Ga., August 4—The lyn-  
ching of Lewis Henderson yesterday was  
made public by the posting of the fol-  
lowing announcement yesterday after-  
noon:

"A quiet lynching occurred just  
across the branch from Blakely this  
afternoon. The contracting parties  
were Lewis Henderson, colored, and a  
party of citizens from the Rock Hill  
district. No cards; no invitations;  
no excursion trains."

The crime for which the victim was  
lynched was an assault made upon the  
daughter of J. W. Bowman. The  
negro was caught yesterday near the  
scene of his crime, chained to a tree  
and his body riddled with bullets.

THE FEVER SITUATION

Norfolk, Va., August 4—There are  
no deaths or new cases of fever report-  
ed on the peninsula nor any suspi-  
cious cases discovered on the mainland.  
The conviction grows that the fever  
will be confined strictly to the sol-  
diers' homes at Hampton and its im-  
mediate vicinity. The disease will be  
conquered.

There is no change in the situation  
at Old Point this morning. The troops  
are awaiting the arrival of a trans-  
port.

## KRUGER ACCEPTS

Conditionally Chamberlain's Pro-  
posal for a Joint Inquiry.

By Cable to THE TELEGRAM.

Johannesburg, August 4—President  
Kruger has accepted Chamberlain's  
proposal for a joint inquiry into the  
effect of the new franchise laws, only  
on condition that the inquiry be made  
to cover the whole catalogue of mat-  
ters under dispute, including the ques-  
tion of the British suzerainty.

CHAMBERLAIN'S DISPATCH APPROVED.

London, August 4—It transpires to-  
day that the cabinet council yesterday  
gave approval to Secretary Chamber-  
lain's dispatch to Sir Alfred Milner  
instructing him that the joint inquiry  
must be restricted upon the question  
of the franchise laws and directing  
him to warn President Kruger that  
Great Britain would insist upon im-  
mediate settlement.

## RAMPANT YAQUI INDIANS.

American Miners and Prospectors  
Threatened With Grave Danger.

By Wire to THE TELEGRAM.

Austin, Texas, August 4—A dispatch  
received last night from Coza Grande,  
Chihuahua, Mexico, says that four  
American miners have just arrived  
from the upper Yaqui river country,  
driven out by marauding bands of  
Yaqui Indians. They state that prob-  
ably two thousand American miners  
and prospectors are scattered through-  
out the Yaqui country and that their  
lives are in immediate danger, and  
more desperate each day. It is estimated  
that there are five thousand of the  
Yaqui braves and that it will take at  
least forty thousand Mexican troops  
to conquer them if they reach their  
former stronghold in the Sahuarian  
range of mountains.

## FLORIDA'S STORM.

Reports Received Show the Ruin Un-  
derestimated—Eight Lives Lost.

By Wire to THE TELEGRAM.

Tallahassee, Fla., August 4—Re-  
ports brought on the relief train last  
night show the ruin from Tuesday's  
storm underestimated. Not a house  
was left standing at Carabelle, and  
eight lives are known to be lost. Many  
vessels were forced high and dry and  
others driven to sea. No news from  
Apalachicola nor the steamer Crescent  
City. All wharves at Carabelle, a half  
million feet of lumber, and fifty thou-  
sand barrels of naval stores were de-  
stroyed. It is feared that fifteen per-  
sons were drowned.

## Terrific Storm at Omaha.

By Wire to THE TELEGRAM.

Omaha, Neb., August 4—Early this  
morning a terrific rainstorm, accom-  
panied with startling electrical phe-  
nomena, broke over the city in a heavy  
downpour, effectually breaking the  
heated spell. Lightning struck sev-  
eral places.

## CLOUDBURST IN MINNESOTA.

St. Paul, August 4—A cloudburst  
occurred in southern Minnesota early  
this morning. The water is the high-  
est in the history of that section. Much  
damage has been done in cattle  
drowned, grain destroyed, etc. So far  
as known no lives are lost.

## THE FIREMEN LEAVING.

Last of Them Will Probably Leave  
Tomorrow Morning.

The eleventh annual tournament of  
the North Carolina State Firemen's  
Association is drawing to a close and  
nearly all the visiting teams have al-  
ready loaded their apparatus for de-  
parture from the city tonight. Some  
of the firemen for the east left this  
morning and a few more followed at  
noon. It is most probable that the  
last of the visiting fire boys will leave  
the city on the 8:10 trains tomorrow  
morning.

We believe that the consensus of  
opinion is that this has been the most  
successful tournament, from every  
point of view, the firemen have ever  
held and that it has been the most  
thoroughly enjoyed—except, perhaps,  
by one or two defeated teams. The  
firemen and visitors will remember it  
long.

May they depart with sweet memo-  
ries of the "Gate City."

## To Our Friends.

We trust our Greensboro friends  
will turn out in large numbers and  
greet the Winston Dramatic Club to-  
night in "The Midnight Fire" at the  
Academy of Music. The performance  
is for the benefit of a branch of the  
Winston fire department, and their  
prompt response to Greensboro's call  
for aid during the recent fire should  
guarantee the company an overflowing  
house.

**LETTER FROM BEYOND THE SEAS.**  
Thomas A. P. Joyce, a young man of this state, left home a couple of years ago and went west. A few months since, when he came on with the Filipinos, he enlisted in the First Montana regiment of volunteers, and has since been in the service in the Philippines. He now lies ill in a hospital at Manila, and in a letter written to his brother at Danbury, N. C., a few days since, he makes some interesting statements. He says that he hardly any of his companions have any money, having expended their wages as fast as received for something to eat; that they are fed on rotten beef, and are half starved all the time. That many of the men have had a change of underwear for two months, are tired and worn out in body and soul, and nearly all of them are physically disabled to do duty. During the interim of rest from the fearfully hot sun, the rain is flooding the country—in a word Mr. Joyce gives a woful picture of the vicissitudes of war, and especially of our war. He intimates in his letter that a Filipino prisoner doesn't last long in the hands of the Philistines—the Americans. That they are harassed day and night by the insurgents, and that the boys long for their homes across the sea. Mr. Joyce is a young man of truth and intelligence, and is a republican. His statement is only another parcel added to the immense pile of testimony that is accumulating against the Imperialistic step of the American government, and the weak prosecution of the war which everybody is heartily tired of.

The Old North State is forging steadily forward. The money and the brains of the outside world are being attracted to our borders as never before. The Raleigh News and Observer says:

**FARMERS' INSTITUTES.**  
The farmers' institute is one of the most interesting as well as necessary and beneficial gatherings that can be held. We have often wondered why there are not more of them organized. The farmer is the most indispensable citizen of the world, and such means as these social and business gatherings give—means for the promotion of his happiness and contentment and remuneration—should be more generally prosecuted by our scientific agriculturists, for the reason that the farmer is the least educated of the classes, and as a rule does not have the proper appreciation of the advantages of an organization that relieves the dull monotony of his life and stimulates a greater interest in his work by leading him to perceive new beauties in the should-be pleasurable occupation of tilling the soil. And the social intercourse between the farmer and his fellow-workers at the meeting for the dispensation of new ideas and general intelligence is one of the most salutary results afforded. He finds that his brother has experienced the discouragements and the trials that he thought were his alone. In a multitude of counsel there is wisdom, and the congregated workers discuss modes of procedure looking to their mutual benefit with pleasure and profit.

The Farmers' Institute held this week at Red Springs is an instance where popular educators in the science of agriculture addressed the meeting on live and interesting subjects, and a good time was had and much good done.

**THE EVER WAGES.**  
The Excitement Manifested Early in the Week Dying Down.  
Special to The Telegram.  
Washington, August 4.—Dr. Wyman, Surgeon General, United States Marine Hospital Service, has received many offers from surgeons throughout the country to aid in the work at the Soldier's Home at Hampton. Among these offers are letters from prominent medical men in the Southern States. Among the prominent surgeons offering their services is Dr. S. D. Robbins, of Vicksburg, Mississippi. At the Marine Hospital Bureau it is said that very few of these offers will, however, be accepted, unless the spread of the disease should become greater than is anticipated.

People who are familiar with the situation, say that it is not surprising that the disease should have spread to the town of Phoebus, and that there is nothing in it to cause any undue alarm. Those who have been in the town say that it is a very small settlement, close to the Soldier's Home, and is inhabited principally by negroes. It is described as a most filthy town, and more susceptible to such a disease as yellow fever than many of the towns in Cuba, by reason of the character of lives led by the negroes there.

At the war department it was stated yesterday that probably no action would be taken in regard to the request of Governor Tyler that the soldiers now at Soldier's Home at Hampton be removed to some other latitude. The disease is under control, and it is expected that it will be kept from spreading any further. Telegrams received yesterday were to the effect that the situation is encouraging, and that no alarm is now felt.

It is said that matters in Norfolk, Newport News, Old Point, Fortress Monroe, and other towns in that vicinity are resuming their normal condition, and that the excitement manifested early in the week is dying down.

Hon. R. R. Tolbert, Jr., of Greenwood, S. C., late republican candidate for congress from the Greenwood district, is in Washington for a few days. Mr. Tolbert is here in connection with the contest which he has instituted for a seat in the house of representatives. In conversation at the St. James hotel, he says that he has not abandoned the contest, and believes that he has a good case, and can convince the house that he is entitled to the seat. If Mr. Tolbert succeeds in winning the seat he will be the first republican to sit in congress from the state of South Carolina for many years. Democratic members of the delegation who have been in Washington from time to time do not believe that Mr. Tolbert has sufficient grounds for instituting a contest, and are of the opinion that he will find it difficult in convincing the house that he should be seated.

Virginia democrats passing through the city say that the outlook in the senatorial contest continues to be favorable for the re-election of Senator Martin. Most of the nominees for the state legislature are Martin men, and most of the county conventions have declared in favor of his re-election.

**"Doe Ye Nexte Thyng."**  
From an old English parsonage Down by the sea,  
There came in the twilight A message to me;  
Its quaint Saxon legend, Deeply engraven,  
Hath, as it seems to me, Teaching from heaven;  
And through the hours The quiet words ring,  
Like a low inspiration: "Doe ye nexte thyng."

Many a questioning, Many a fear,  
Many a doubt, Hath its quieting here;  
Moment by moment, Let down from heaven,  
Time, opportunity, Guidance are given;  
Fear not the morrows, Child of the King,  
Trust them with Jesus, "Doe ye nexte thyng."

Oh, he would have these Daily more free,  
Knowing the might Of the royal decree;  
Even in waiting Glad for His call;  
Tranquil in chastening, Trusting through all.

Comings and goings No turmoil need bring;  
His all thy future, "Doe ye nexte thyng."

Do it immediately, Do it with prayer,  
Do it reluctantly, Casting off care;  
Do it with reverence, Tracing his hand  
Who hath placed it before thee  
With earnest command, Stayed on Omnipotence,  
Safe 'neath his wing. Leave all resulting—  
"Doe ye nexte thyng."

Looking to Jesus: Ever serene,  
Working or suffering, Be thy demeanor!  
In the shade of his presence, The rest of his calm,  
The light of his countenance, Live out thy psalm.

Strong in his faithfulness, Praise him and sing;  
Then, as he becometh thee, "Doe ye nexte thyng."

## A WORD OF CAUTION.

The old saying that "a man, who is  
naked can't give away his shirt," is only  
another way of saying that you can't  
give what you haven't got. The man  
can't give "free medical advice," or any  
other kind of medical advice who hasn't  
got a medical education and a certificate  
to the fact, in the form of a diploma.  
And in this particular a woman has no  
more privilege than a man. She can't  
give medical advice without medical edu-  
cation and medical knowledge.

The offer of free medical advice made  
by Dr. Pierce, chief consulting physician  
to the Invalids' Hotel and Surgical In-  
stitute, Buffalo, N. Y., has been imitated  
by so many, who without any medical  
qualifications claim to give "medical  
advice" that a word of caution is neces-  
sary.

Don't write for medical advice to any  
one, man or woman, who is not a phy-  
sician. If they are physicians they will  
take the title of physicians or doctors so  
that you may recognize them. If they  
don't claim that title it is because they  
dare not, for fear of the law.

Do not forget that there is just as  
much difference in doctors as in artists.  
Every little town has its artist who draws  
and paints. But these "artists" gener-  
ally paint copies of the works of great  
artists like Millet. There was only one  
Millet.

There is only one Invalids' Hotel and  
Surgical Institute, such as Dr. Pierce  
presides over. Thousands of women  
come or write to Dr. Pierce who have  
found no help at the hands of doctors of  
lesser skill and narrower experience.

Any sick or ailing woman, suffering  
from the distressing forms of disease  
peculiar to women, is invited to con-  
sult Dr. Pierce, by letter, free. Such con-  
sultations are absolutely private. Each  
letter is treated as a sacred confidence,  
and each answer is sent in a plain en-  
velope, bearing no printing upon it.

In this way offensive questions and  
repulsive examinations may be avoided.  
Address Dr. R. V. Pierce, Buffalo, N. Y.

## INDIGESTION

Cured by Johnson's Dyspepsia Cure.

"I suffered over two years with indigestion  
and nervous dyspepsia, unable to eat or sleep.  
Tried several physicians and different remedies,  
but they only helped me for a short time. A  
friend advised me to take Johnson's Dyspepsia  
Cure. I have taken three boxes, and am now  
feeling better than I have for two years. Have  
a good appetite, sleep well and have none of the  
symptoms of indigestion or dyspepsia, which  
I have gained ten pounds in weight within a  
couple of months. I am taking pleasure in re-  
commending Johnson's Dyspepsia Cure where-  
ever I can, and several of my friends are tak-  
ing it with marked results."—L. A. Arnold, Cin-

## New Methods in Advertising.

Railway companies are adopting  
new and unique methods of advertis-  
ing, as is demonstrated by the publi-  
cation in the Four Track Series of  
the New York Central Road, of what  
is now becoming widely known and  
somewhat famous, "A Message to  
Garcia," by Elbert Hubbard, of the  
Philistine Magazine, which itself is a  
peculiar and interesting publication  
as relating to magazines of the present  
day.

This article is attracting widespread  
attention, and has been answered by a  
writer in "The Mirror," published at  
St. Louis, under date of June 15, 1899,  
entitled "A Message to Hubbard,"  
which gives the other side of the  
American employee.

The Southern Railway, the leading  
Southern system, spreading from  
Washington to the Mississippi River,  
and gridironing the South, and the  
only line to "The Land of the Sky,"  
in section of western North Carolina,  
has also issued a publication out of  
the ordinary, in the shape of an at-  
tractive booklet entitled "A Night on  
Mount Mitchell," by Henry Litchfield  
West, one of the leading editorial and  
political writers of the Washington  
Post, a paper widely and favorably  
known for the ability displayed in its  
editorial and political columns. This  
story is a description of an ascension  
to the very top of Mount Mitchell,  
which is the highest mountain peak  
east of the Rocky Mountains, and 400  
feet higher than Mount Washington,  
upon which has been erected a monu-  
ment to Professor Mitchell, after  
whom the mountain was named.

The story is replete with interest  
and thrilling in detailing a trip which  
may be taken by any traveler for  
health or pleasure, and reminds one  
of Talmage's description of Lookout  
Mountain, when he stood upon its  
heights and delivered the following  
oration, which is reproduced for its  
graphic description of a location  
famous in American history:

"The carriage wound its way up,  
up, up. Standing there on the tip-top  
rock, I saw five states of the Union  
Scene stupendous and overwhelming.  
One almost is disposed to take off his  
hat in the presence of what seems to  
be the grandest prospect on this con-  
tinent. There is Missionary Ridge,  
the beach against which the red bil-  
lows of Federal and Confederate courage  
surged and broke. There are the blue  
mountains of North and South  
Carolina. With strain of vision there  
is Kentucky, there is Virginia. At  
our feet, Chattanooga and Chicka-  
mauga, the pronunciation of which  
proper names will thrill ages to come  
with thoughts of valor and despera-  
tion and agony. Looking each way,  
and any way, from the top of that  
mountain, earthworks, earthworks—  
the beautiful Tennessee winding  
through the valley, curling and col-  
laring around, making letter S after let-  
ter S, as if that letter stood for shame  
that brothers should have gone to  
massacre with each other while God  
and nations looked on. I have stood  
on Mount Washington, and on the Si-  
erra Nevada, and on the Alps, but I  
never saw so far as from the top of  
Lookout Mountain."

Copies of this booklet and other in-  
teresting publications on "The Land  
of the Sky" section and "Lookout  
Mountain" may be obtained from Mr.  
W. A. Turk, General Passenger Agent  
Southern Railway, Washington, D. C.

## China's Wall.

Considering how far away we are  
from the scene of the operation, it does  
not make a great deal of difference to  
us whether the great wall of China is  
torn down or not; yet there is a feel-  
ing of regret that one of the world's  
noted monuments and curiosities should  
be doomed, because there appears no  
reason for its demolition. Still, it is  
learned that a firm of contractors in  
Chicago expects to get the job, and  
whatever Chicago undertakes it does—  
unless it is the provision of a decent  
government for itself. The wall was  
put up to keep out the Tartars, and is  
practically a fort, more than 1,200  
miles long, over twenty feet high, and  
thick enough for six horsemen to ride  
abreast. It was built by seven millions  
of men nearly seventeen centuries ago,  
and is quite as remarkable as the py-  
ramids of Egypt. A proposition to tear  
down the pyramids would certainly be  
resented by the whole civilized world.  
The wall is in nobody's way, and is  
one of the most interesting relics of  
antiquity in the world. When China  
is open to travel and is provided with  
railroads and safe highways, as it  
soon will be, these exhibits of a former  
civilization will be of more conse-  
quence to historians, antiquarians and  
tourists than anything else in the  
country. The people themselves have  
limitations, so that few of them ade-  
quately represent the whole; their in-  
dustries are not momentous or impor-  
tant, as compared with those of civil-  
ized lands; they have not a great deal  
to offer in art; hence their monuments  
will be the chief shows of the empire.  
It will cost millions of dollars to tear  
down the great wall, and it is hard to  
see how anybody, outside of Chicago,  
will profit a single cent by its removal.

Hamilton Clarke, of Chauncy, Ga.,

twenty years before trying DeWitt's  
Witch Hazel Salve, two boxes of  
which completely cured him. Beware  
of worthless and dangerous counter-  
feits. Howard Gardner.

All weak places in your system ef-  
fectually closed against disease by  
DeWitt's Little Early Risers. They

chronic constipation, regulate the  
liver, and fill you with new life and  
vigor. Small, pleasant, sure; never  
gripes. Howard Gardner.

"Our baby was sick for a month

Although we tried many remedies she  
kept getting worse until we used One  
Minute Cough Cure—it relieved at  
once and cured her in a few days."—

## Discovered by a Woman

Another great discovery has been  
made, and that too, by a lady in this  
country. Disease fastened its clutches  
upon her and for seven years she with-  
stood its severest tests, but her vital  
organs were undermined and death  
seemed imminent. For three months  
she coughed incessantly, and could  
not sleep. She finally discovered a  
way to recovery by purchasing of us  
a bottle of Dr. King's New Discovery  
for consumption, and was so much  
relieved on taking first dose that she  
slept all night, and with two bottles  
has been absolutely cured. Her name  
is Mrs. Luther Lutz. This writes  
W. C. Hammick & Co., of Shelby, N. C.  
Trial bottles free at C. E. Hol-  
ton's drug store. Regular size 50 cents  
and \$1.00. Every bottle guaranteed.

## Is It Right for an Editor to Recom- mend Patent Medicines?

From Sylvan Valley News, Brevard,  
N. C.

It may be a question whether the  
editor of a newspaper has the right to  
publicly recommend any of the vari-  
ous proprietary medicines which flood  
the market, yet as a preventive of  
suffering we feel it a duty to say a  
good word for Chamberlain's Colic,  
Cholera and Diarrhoea Remedy. We  
have known and used this remedy in  
our family for twenty years and have  
always found it reliable. In many  
cases a dose of this remedy would  
save hours of suffering while a phys-  
ician is awaited. We do not believe  
in depending implicitly on any medi-  
cine for a cure, but we do believe that  
if a bottle of Chamberlain's Colic,  
Cholera and Diarrhoea Remedy were  
kept on hand and administered at the  
inception of an attack much suffering  
might be avoided and in very many  
cases the presence of a physician  
would not be required. At least this  
has been our experience during the  
past twenty years. For sale by C. E.  
Holton, druggist.

field, Ill., has been restored.

## Little Pimples Turn to Cancer.

Cancer often results from an im-  
purity in the blood, inherited from  
generations back. Few people are en-  
tirely free from some taint in the blood,  
and it is impossible to tell when it will  
break out in the form of dreaded can-  
cer. What has appeared to be a mere  
pimple or scratch has developed into  
the most malignant cancer.

"I had a severe cancer which was at first  
only a few blotches that I thought would  
soon pass away. I was  
treated by several able  
physicians, but in spite  
of their efforts the can-  
cer spread until my con-  
dition became alarming.  
After many months of  
treatment and growing  
steadily worse, I de-  
cided to try Dr. J. C. Hol-  
ton's medicine. The first  
bottle produced an im-  
provement. I continued  
the medicine, and in a  
few months the last blot-  
ch was dropped off.  
Ten years have elapsed,  
and not a sign of the disease has returned."  
R. F. WILLIAMS,  
Gibbsburg, Miss.

It is dangerous to experiment with  
cancer. The disease is beyond the skill  
of physicians. B. S. S. is the only cure,  
because it is the only remedy which  
goes deep enough to reach cancer.

## The Sapphire Country.

Along the cool southern slopes and  
table lands of the Blue Ridge moun-  
tains in Western North Carolina, at  
an average altitude of 3,000 feet, is a  
country full of delightful surprises to  
the tourist, sportsman and health-  
seeker. No other state contains so  
many clear, cold and wonderfully  
picturesque streams, so many grand  
water falls, such wide sweeping moun-  
tain views, and such beautiful lakes  
as the Sapphire Country, where until  
recently there was no provision made  
for the accommodation of visitors to  
this delightful section. Now, how-  
ever, entertainment is offered on Lake  
Sapphire, Lake Fairfield, and on the  
summit of Mt. Toxaway, the view from  
the lodge there being the most exten-  
sive of any mountain point of vantage  
in North Carolina.

Parties desiring to visit this beau-  
tiful country can purchase round trip  
tickets to Brevard, N. C., via Hender-  
sonville, where coaches convey you  
over good roads making the drive one  
of extreme pleasure. For full infor-

### BRIEF LOCAL MATTERS.

This is the shirt waste season.  
C. A. Barnes, of Winston, is here  
today.  
The athletic suspender at Kauf-  
mann's.  
Those who have exhibits at the art  
department should call for them Sat-  
urday morning.  
Horace Dowd, of Mount Vernon  
Springs, is visiting A. A. Crutchfield  
and other relatives of the city.

Miss Maggie Keith, of Winston, is  
visiting relatives and friends in the  
city, and taking in the tournament.

Miss Sadie Fisher, an attractive  
young lady of Concord, is visiting  
Miss Nettie Murray on Asheville St.

Miss Alice May Staples, of Reids-  
ville, who has been visiting Miss Net-  
tie Murray left for home last evening.

Mrs. J. D. Goodman, of Reidsville,  
who has been spending a few days in  
the city visiting Miss Lalla Smith,  
went to Winston last night to visit a  
few days.

A kodak was picked up in the street  
this morning by a little negro boy. It  
can be had by calling at the office of  
chief of police, describing the kodak  
and paying for this notice.

Yesterday afternoon while two la-  
dies were returning from the races on  
Summit avenue, their horse became  
frightened and ran away. The ani-  
mal was caught before any damage  
was done, though the ladies were bad-  
ly frightened.

A Southern Railway pass, made out  
to the Union News Company, between  
Danville and Charlotte, was lost on  
Asheboro street yesterday. The pass  
is useless to anyone without a letter  
from C. D. Higgins, and he would be  
very grateful for its return to him or  
to Mr. Hennessee, at the Southern  
depot.

### Death of Dr. H. F. Bauer.

Dr. H. F. Bauer died yesterday af-  
ternoon at his room at the Woods  
House, over Gardner's drug store.

Dr. Bauer was a veterinary surgeon  
of exceptional ability, but was addicted  
to the whiskey and morphine habits.  
He died a horrible death. A long  
drunk brought on delirium tremens,  
and the unfortunate man, alone in his  
room, raved as a maniac, breaking  
all the breakable furniture. But the  
strain was too great and, clutching a  
pitcher to his breast, the pitiable vic-  
tim fell to the floor upon it, smashing  
the pitcher to pieces. Some parties  
who heard the crash ran to him and  
found him lying face downward,—  
dead.

Dr. Bauer came to Greensboro sev-  
eral years ago from Maryland. His  
relatives have been telegraphed the  
information that he was dead.

### Card of Thanks.

The members of the orchestra desire  
to take this method of thanking the  
ladies, gentlemen and children who so  
ably assisted in the rendition of the  
operaetta Pied Piper.

We realize that such an entertain-  
ment could not have been so credit-  
ably given without the expenditure of  
considerable time and trouble on the  
part of one and all and we appreciate  
accordingly.

We trust that some time in the future  
we may be able in some measure to  
discharge the obligation under which  
you have placed us.

### A Creditable Booth.

In mentioning the exhibits at the  
Banner Warehouse Wednesday the  
Telegram inadvertently omitted men-  
tion of the handsome display by S. L.  
Alderman, Greensboro's excellent pho-  
tographer. The exhibit, which con-  
sisted of photographs taken by Mr.  
Alderman, and which was arranged  
by Mrs. Alderman, was one of the  
most beautiful among the number and  
both the skillful work of the photo-  
grapher and the work of arrangement  
have attracted their share of atten-  
tion.

### Coming to Greensboro.

C. W. Burnside, the clever agent for  
the Southern Express Company at this  
place, has been promoted, having  
been appointed assistant route agent  
with headquarters in Greensboro. He  
will be associated with W. W. Allen,  
former manager of the Winston office.  
Mr. Burnside, during his residence  
here, has won a large circle of friends  
who will regret to see him leave. He  
is an active and faithful member of  
the First Baptist church.—Winston  
Sentinel.

### A Card of Thanks.

and efficient assistance made possible

Pied Piper of Hamelin."
